

MUHAMMAD HARIS

FULL STACK ENGINEER

Lahore, Pakistan · +92 308 1355815

iammuhammadharis9@gmail.com · [LinkedIn](#) · [Portfolio](#)

Results-driven and highly skilled React/Next.js developer with 2 years of experience in building scalable and robust web applications. Proficient in utilizing Node.js and Express.js for backend development, I am passionate about crafting efficient and user-friendly interfaces. With a strong understanding of modern web development practices and a keen eye for detail, I consistently deliver high-quality code and meet project deadlines.

EXPERIENCE

AUG 2023 – PRESENT

SOFTWARE ENGINEER, NOWASYS SERVICES PVT. LTD

Responsibilities:

- Collaborated on Next.js projects, implementing frontend features and user interfaces.
- Integrated Appwrite into frontend applications, enhancing functionality and security.
- Developed backend APIs to support frontend functionality, incorporating Appwrite features and third-party APIs.
- Streamlined backend-to-frontend integration, resulting in a more cohesive and efficient system.
- Actively pursued professional growth by learning Nest.js for advanced backend development.

AUG 2022 – AUG 2023

FRONTEND ENGINEER, EZWAGE PVT. LTD

Responsibilities:

- Joined EZWAGE as a frontend developer, tasked with optimizing and enhancing the existing codebase to improve code quality and functionality.
- Conducted a thorough code review and identified areas for improvement, addressing code style issues and refactoring complex and inefficient code segments.
- Collaborated with the team to define and implement a more user-friendly and visually appealing design, resulting in an enhanced user experience and increased user engagement.
- Actively participated in cross-functional discussions and brainstorming sessions, contributing innovative ideas to enhance the overall product experience.
- Worked closely with the backend team to integrate frontend components with backend APIs, ensuring smooth communication and efficient data flow.
- Implemented responsive design principles and conducted thorough testing across different devices and browsers to ensure consistent functionality and visual appeal.

AUG 2021 – JUL 2022

FULL STACK DEVELOPER, YOURGUIDE

Responsibilities:

- Joined YOURGUIDE as the sole full stack developer and played a key role in the development and launch of the startup's platform.
 - Successfully developed the frontend and backend components of the platform, utilizing React, Next.js for the frontend and Node.js, Express.js, and ORM(Sequelize) for the backend.
 - Designed and implemented an intuitive and responsive user interface, ensuring a seamless and engaging user experience.
 - Collaborated closely with stakeholders to gather requirements, define project scope, and deliver features that aligned with the startup's vision and goals.
- Optimized codebase and improved application performance by implementing efficient algorithms, database optimizations, and caching mechanisms.

JUL 2021 – JUL-2021

INTERNSHIP, BATA PAKISTAN LIMITED

As an intern, I worked in both the HR and IT departments, taking on diverse responsibilities. My key responsibilities included:

- Supporting the IT department by troubleshooting technical issues, setting up computer systems, and providing user assistance.
- Managing and maintaining employee records and documentation, ensuring accuracy and confidentiality.
- Assisting in organizing company events, training programs, and employee engagement initiatives.

Collaborating with cross-functional teams to contribute to projects and initiatives, providing administrative and technical support as needed.
